Dear Compton Parishioner,

Surrey County Council's traffic calming proposals for Compton:

Please come to a meeting to discuss these proposals – Tuesday 1 December, 7 pm at the Compton Club

SCC has now released their TRO (Traffic Regulation Order) and associated notices. These can be found at:

https://engage.zencity.io/surrey-county-council/en-GB/projects/proposed-compton-speed-restrictions-and-traffic-calming?utm_medium=referral

The TRO release is **OUR BIG CHANCE TO RESPOND.**

However, **WE HAVE CONCERNS** that these proposals may not be in the best interests of the village as a whole… AND that the views of the village are not being fully listened to by SCC.

Concerns include additional noise and vibration caused by cushions and raised tables in the Western end of the village, the lack of any calming measures where speeds are fastest at the Eastern end and the heritage impact of the proposed zebra crossing. We are also being told without explanation that we cannot have cameras instead, and that it is these proposals or nothing.

So, please come along to this special meeting to discuss the plans, hear about the work we've been doing behind the scenes and discuss alternative proposals.

We all have the chance to respond to the proposals by the 18th December. The meeting is an opportunity to arm yourself with the facts, hear other views and voice your own before responding.

We'd love to see you there.

Stephen Mallet
Compton parish Council
